TODAY IN 2020

The world today is in turmoil. It is affecting everyone differently one way or another in unimaginable ways. People are in the doldrums, not knowing how to handle daily life based on the present situation. Looking for solutions in what the future can be for them is an important step to take now.

OUR STORY

TYOGA, is a Centre of Ancient Yogic Studies and Teachings in the CITTA TRADITION. Citta Astrology is as ancient as it gets, originating from the Tamil Heart land of South India, given to us by Immortals known as Cittars over 10,000 years ago and handed down to us by other Cittars. This science, crafted across many generations, is very unusual and unique, as it provides solutions to problems and issues that a person is going through, giving remedy to personal issues and, most importantly, offering a positive direction to move forward in life.

HOW IT WORKS...

This is a very unique service, available at a time when it is most needed - due to issues people are experiencing in the World today from COVID-19, lifestyle, depression and a host of other things people must deal with. It is a non-profit service and monies generated go to our projects in helping people in need.

Please mail us at contactus@tyoga.org to set up an appointment.

Live consultations are conducted through WhatsApp or Skype. A single reading, includes an hour and a half session, addressing special questions and issues that the person concerned wishes to explore. Understanding one's karma is very important as this is the very base of everything in life, and what we are subjected to. Follow-ups are also available, under our 'Keep in Touch Programme' as planetary movements are constantly shaping our lives, based on our actions - good or bad. Thereby guiding one to work through the karmic strains with restorative and harmonizing remedial measures.

Please note: Sivaguruswami consultations are in high demand and typically have a waiting list.
